TITLES

Ambulatory blood pressure and marital distress in employed women. Carels RA, Sherwood A, Szczepanski R, Blumenthal JA. Summer:80–85.

Depression and education as predicting factors for completion of a behavioral medicine intervention in a mind/body medicine clinic. Nakao M, Fricchione G, Myers P, Zuttermeister PC, Barsky AJ, Benson H. Winter:177–184.

Disease management status: a typology of Latino and Euro-American patients with type 2 diabetes. Fisher L, Chesla CA, Skaff MA, Gilliss C, Kanter RA, Lutz CP, Bartz RJ. Summer:53–66.

Does experience predict knowledge and behavior with respect to cutaneous melanoma, moles, and sun exposure? Possible outcome measures. Jackson A, Wilkinson C, Hood K, Pill R. Summer:74–79.

Effects of gender and marital status on somatic symptoms of patients attending a mind/body medicine clinic. Nakao M, Myers P, Fricchione G, Zuttermeister PC, Barsky, AJ, Benson H. Winter:159–168.

Factors that influence personal perceptions of the risk of an acute myocardial Infarction. Meischke H, Sellers DE, Robbins ML, Goff DC, Daya MR, Meshack A, Taylor J, Zapka J, Hand MMc. Spring:4–13.

Group interventions and the limits of behavioral medicine. Dooley D, Catalano R. Fall:116–128.

Improvements in chronic diseases with a comprehensive natural medicine approach: A review and case series. Nader T, Rothenberg S, Averbach R, Charles B, Fields JZ, Schneider RH: Spring:34–46.

The nature of the depressive symptomatology preceding myocardial infarction. Appels A, Kop WJ, Schouten E. Summer:86–89.

An organizational climate intervention associated with increased handwashing and decreased nosocomial infections. Larson EL, Early E, Cloonan P, Sugrue S, Parides M. Spring:14–22.

Psychological and physical health effects of sexual assaults and nonsexual traumas among male and female US army soldiers. Martin L, Rosen LN, Durand DB, Knudson KH, Stretch RH. Spring:23–33.

Psychological stress may induce increased humoral and decreased cellular immunity. Paik I-h, Toh K-y, Lee C, Kim J-j, Lee S-j. Fall:139–141.

Quality of life, overweight, and body fat distribution in middle-aged men. Rosmond R, Björntorp P. Summer:90–94.

Sequence and seasonal effects of salivary cortisol. King JA, Rosal MC, Ma Y, Reed G, Kelly T-A, Stanek EJ III, Ockene IS. Summer:87–73.

Social ecology and behavioral medicine: implications for training, practice, and policy. Stokols D. Fall:129–138.

Talking effect and "white coat" effect in hypertensive patients: Physical effect or emotional content? Le Pailleur C, Montgermont P, Feder JM, Metzger JPh, Vacheron A. Winter: 149–157.

The social ecology of health: Leverage points and linkages. Grzywacz JG, Fuqua J. Fall:101–115.

Somatization and symptom reduction through a behavioral medicine intervention in a mind/body medicine clinic. Nakao M, Fricchione G, Myers P, Zuttermeister PC, Barsky AJ, Benson H. Winter:169–176.

Thanks to *Behavioral Medicine*'s Ad Hoc Reviewers

Every year, the editors of *Behavioral Medicine* call upon health professionals with special expertise to assist our consulting editors in reviewing manuscripts. We wish to express our thanks to the following ad hoc reviewers for their thoughtful evaluations of submissions to the journal. To any who may have assisted with informal comments in association with colleagues, we add our sincere appreciation for your help.
